2. On 15 July, all troop quarters in Klosterneuburg (O 49/S 30) were vacant and only guarded by sentries with red-bordered black epaulets. Only guard details were also observed at the Albrechts Kaserne and the Wilhelms Kaserne in Vienna II, and at the barracks installation in Kagran (P 49/X 49). On the same day, the former Bundeserziehungsanstalt in Traiskirchen (O 49/X 37) was vacant. There were no motor vehicles or weapons. No signal soldiers were seen at the radio installation west of the former Bundeserziehungsanstalt. The antennas of the former Flak Kaserne on the road to Soos (O 48/X 36) had been removed. 2
3. On 5 July, the barracks installation in Hainburg was vacant. Local residents stated that the troops had been loaded on trucks and left toward Hungary on 15 June. 3

the 284th Gds Mtz Rifle Regt was still in Eisenstadt. []

25X1A 2. [] Comment. The observations in Klosterneuburg, Vienna II, Vienna-
Kagran and Traiskirchen confirm previous reports and indicate that the
units of the 13th Gds Mecz Div stationed in these posts probably were
still at a summer camp.
25X1A 3. [] Comment. [], the barracks installation in
Hainburg was vacant in late May 1953. [] During
the winter, the rocket launcher battalion of the 13th Gds Mecz Div was
believed to be stationed in Hainburg. If the statements of local residents
are correct, the unit possibly returned to Hainburg and again left for
field exercises or firing practice on 15 June 1953.
